

# Get Cash Back When You Shop on eBay!

Brought to you by: [www.KekoaChung.com](http://www.KekoaChung.com)

# It's very simple, here's how...

## Step 1

The website is called **Big Crumbs**, when you get to the **Big Crumbs** website, you're going to sign up for an account. Click on the **"Join Now"** button. It takes one minute and its absolutely **free**.

## Step 2

Fill in your information and be sure to choose the "Crumb Earner" account type.

## Step 3

Once you sign up, you are ready to start earning cash back on all of your eBay purchases. Whenever you shop on eBay, go through the **Big Crumbs** website first. They will redirect you to eBay, and whenever you make a purchase, you will get cash back sent directly to your PayPal account!

## Bonus

Here's the extra cool part about **Big Crumbs**. You can earn money when people you refer, sign up, and shop on eBay. So be sure to tell others about this.

To see how much you can earn go **here**, on the bottom of that page, you will see a link that says "earn more". Click on that link to use the calculator, and you will understand how much money you can actually make.

## My Personal Experience

First off, I am not one to sign up for "programs", or "websites". However, there was something about this website that intrigued me. So I decided "ah what the heck, its free I'll sign up". I'm glad I did!

Not only is it awesome that they give me money back when I shop on eBay, but they also pay me when people that join under me shop. So I tell, and continue to tell everyone I know to sign up.

Just to give you an example, they just sent me \$400 via PayPal. This is money I made when people who I signed up shopped on eBay and the other various sites.

Enough talking on my part...

**Just click here to sign up right now!**

(It's totally free, and you can start earning money today!)
